CAPITOL RELEASING "THE CONTROVERSY";

STUDY OF KENNEDY ASSASSINATION; WARNER REPORT

HOLLYWOOD -- Capitol Records is rush-releasing on Jan. 6, "The Controversy," an hour-long, in-depth audio study of the assassination of President John F. Kennedy, the Warren Report and the subsequent controversy.

The album, which is being released in the label's "Probe" documentary/news series, contains a number of news "firsts" not previously presented via other communications media, including:

1. An interview with Jack Ruby, accused murderer of Lee Harvey Oswald;

2. Actual voices and statements of eye-witnesses to the assassination who support the "second-assassin" theory;

3. Critics and advocates of the Warren Report heard face-to-face for the first time;

4. Personal descriptions of the assassination and its aftermath by members of the late President's Dallas motorcade.

In announcing the release of the album, Alan W. Livingston, President, Capitol Records, Inc. stated:

Press Office · Capitol Tower · 1780 N. Vine Street · Hollywood, California 90028 · (213) 462-6252
Press Office · Sperry Rand Building · 1290 Ave. of the Americas · New York, N.Y. 10019 · (212) 879-77470

/more...
"A number of months ago, we at Capitol determined to apply the
techniques of audio journalism to the most controversial news event
of our day, the assassination of President Kennedy. Journalist
Lawrence Schiller was assigned as producer. He traveled over eleven
thousand miles to tape interviews with many different participants
in the tragic events of November, 1963. The results of Mr. Schiller's
work have gone far beyond our original expectations. In my opinion,
the album constitutes perhaps the most startling and dramatic audio
documentary ever produced.

"The album is not only a fascinating listening experience, but
it is proof, I think, that recordings can be as valid a medium of
contemporary news coverage as any newspaper, magazine or TV report.
In our view, the album itself is a news event, a capsule of living
history."

"THE CONTROVERSY" is the third in Capitol's "Probes" series.
Previously released were "LSD," a study of the current psychedelic
drug controversy; and "WHY DID LENNY BRUCE DIE?" an inquiry into
the troubled life and tragic death of the late comedian.
VOICES INCLUDED IN THE CAPITOL ALBUM "THE CONTROVERSY"

President John F. Kennedy
